Swiss Professionals of
Clinical Research Coordination

4th Congress of the Swiss Professionals of Clinical Research Coordination (SPCRC)

November 13, 2020

Hotel Einstein

St. Gallen

Dear colleagues and friends,

It is our great pleasure to invite you to the 4th congress of the Swiss Professionals of Clinical Research Coordination which will take place at the Hotel Einstein on Friday, November 13th, 2020.

A faculty of renowned speakers will address crucial topics and enhance our knowledge in important areas of our professional work. And by applying all national and state rules on hygiene at times of COVID-19 pandemic we will make sure that this educational congress is a safe event for all participants.

The friendly and relaxed attitude of the congress will give you the great opportunity to informally meet speakers and colleagues, discuss challenges we are facing in daily work and exchange ideas. In addition, you have the opportunity to become a member of the Association of the Swiss Professionals of Clinical Research Coordination.

And although the focus will be on a stimulating professional meeting, the congress is not only about education and engagement in professional development; it is also about networking, meeting old friends again, and making new friends. There will be opportunities for exchanging ideas and socializing during the coffee breaks, the delicious meal at lunch and the apéro at the end of the congress.

Welcome to the National Congress for Study Nurses and Coordinators 2020!
